

*Bringing back the birds*

**American Bird Conservancy  
Black-capped Vireo Nest Searching/Monitoring Field Technicians**

**Agency:** American Bird Conservancy  
**Location:** Balcones National Wildlife Refuge near Austin, TX  
**Duration:** April 1 – May 31 (2 months, start date flexible)  
**Job Type:** Temporary  
**Salary:** **\$2,200 per month + housing**

**Application Deadline: Until Filled**

**Job Description:**

SEASONAL FIELD TECHNICIANS (2) needed by the Oaks and Prairies Joint Venture for the recently delisted Black-capped Vireo monitoring at the Balcones Canyonlands National Wildlife Refuge near Austin, Texas. Technicians will be collecting data as a part of post-delisting monitoring for this species. Surveys will be performed in the beautiful Balcones Canyonlands region of the Edwards Plateau in central Texas, where many unique species, including the endangered Golden-cheeked Warbler, can be found.

**To Apply:**

Applicants must apply online at Bamboo HR:  
<https://abcbirds.bamboohr.com/jobs/view.php?id=44>

**Please send electronic copies (PDF) of the following in one document:**

- 1) A letter of interest
- 2) Resume
- 3) Names and contact information for three work references.

Review of applications will begin immediately and continue until the positions are filled.

If you have trouble, please send your cover letter and resume as one document to
