Position: Project Forester, Tallahassee, Florida

F4 Tech currently has an opening for a Project Forester in their Tallahassee, Florida office. The chosen applicant would be a key member of the consulting services group. The successful applicant should be a self-starter, have a passion for technology, natural resource management and enjoy working in an engaged and empowering small business environment.

Responsibilities:

- Work with clients to assess their needs and desires, scope requirements, goals, and deliverables
- Managing natural resource projects including forest inventory data collection, data management and implementation of technology solutions for forest management
- Subcontractor management
- Prescribed burning and other land management activities
- Inventory data analysis and GIS data creation, editing, and analysis
- Auditing cruise plots implemented by sub-contractors
- Position requires periodic travel for consecutive days

Required Qualifications:

- Bachelor's degree in forestry or related field
- 1+ years of professional forestry experience
- ArcGIS 10.x experience
- Proficient with MS Office applications including Excel, Word, and Power Point
- Must be physically fit to perform outdoor work

Applicants with the following experience will be preferred:

- GIS
- Technical writing

Salary commensurate with skills and experience, paid vacation and sick leave, medical insurance, flexible benefits spending account, disability insurance, and retirement plan.

Please submit a resume and cover letter with three work references to Mark Milligan, President, mmilligan@ThinkF4.com.

F4 Tech is a forestry consulting firm based in Tallahassee, Florida. F4 has been in business since 1998 and provides technical forestry consulting services to large landowners. F4 also produces innovative software solutions for the forest and natural resource industries. Our clients range from for-profit timber management organizations to public land agencies.
