

*A Division of Hancock Timber Resource Group,
A Manulife Asset Management Company*

Hancock Forest Management, Inc. (“HFM”) and **Hancock Farmland Services, Inc. (“HFS”)** are wholly owned subsidiaries of **Hancock Natural Resource Group (“HNRG”)**. **HFM** and **HFS** are property management companies that serve global institutional investors through related-party investment management groups (Hancock Timber Resource Group and Hancock Agricultural Investment Group) and third-party private investors. HFM oversees the timber development and harvesting operations for approximately 3.8 million acres of timberland across the USA and Canada. HFS oversees the agricultural assets and operations for approximately 0.3 million acres of farmland throughout the USA. Collectively, HFM and HFS represent the North American property management platform of HNRG.

Hancock Natural Resource Group (HNRG) founded in 1985, is a registered investment adviser and wholly owned subsidiary of John Hancock/Manulife Financial Corporation. HNRG is based in Boston, Massachusetts and is comprised of two core businesses; Hancock Timber Resource Group (HTRG) which develops and manages timberland investments and Hancock Agricultural Investment Group (HAIG) which develops and manages farmland investments. As of June 30, 2018, HNRG managed USD 14.4 billion of timberland and farmland, comprising over 6.3 million acres located in the United States, Canada, and Australia. HNRG is committed to responsible investing and sustainable management of its client’s assets, including the ongoing reduction of environmental impact, and improvement of sustainability and stewardship performance.
