

Mason, Bruce & Girard

FORESTER / FIELD PROJECT MANAGER

About the Position

As a Forester / Field Project Manager, you will support MB&G's inventory data collection project, provide assistance with management oversight of a large scale inventory data collection project, and be responsible for check cruising up to 12 or more cruisers. Ideally, the position will be based in Moscow, ID, but this is flexible upon request; locations such as Orofino, Lewiston, or St. Maries, ID would also be considered. This is a temporary position from approximately February 15, 2017 – October 31, 2017. This position will require overnight travel throughout Northern Idaho on a weekly basis. In this role, you will perform the following:

Tasks

- Conduct check cruising, or cruise plot audits during the duration of the project.
- Process check cruise data.
- Interact with cruising contractors on a weekly basis.
- Review check cruise results with the Project Manager and cruising contractors.
- Prepare weekly reports summarizing check cruise results.
- Assist in the design and review of field data collection protocols.
- Assist with various tasks as assigned to ensure successful project completion.
- Work directly with the Project Manager on project specifications and progress tracking.
- Actively promote MB&G as a premier provider of natural resources consulting services.
- Perform other duties as necessary.

Job Conditions

- Work is performed primarily in the field.
- Work is most often performed alone.
- Field work to be performed in all weather conditions, steep rough terrain, and a variety of settings and forest types.
- Computer use, physical ability to operate a telephone, may lift/carry up to 50 pounds.
- Reliable personal transportation suitable for use in forest environment required, with a CB radio, or willingness to have one installed.
- Wage rate for this position may be salary with benefits, or hourly without benefits, depending upon the applicant.

About you

To excel in the position for Forester / Field Project Manager, you need to be a well-rounded, organized, self-motivated technical expert possessing a client service mindset and exceptional interpersonal communication skills.

Skills

- Technical field experience (cruising and check cruising) required.
- Knowledge of forest field equipment required, including the use of GPS.
- Tree species identification required.
- Knowledge of basic cruising methods and protocols required.

- Strong attention to detail and excellent time management skills.
- Technical report writing and editing skills.
- Operates independently under minimal supervision.
- Responsive and client service oriented.
- Proficient MS Office Skills (especially Excel and Word).
- Moderate degree of comfort in dealing with large database files
- Enthusiastic, energetic, team-oriented individual.
- Valid driver's license required.

Education/Experience

- 1-3 years as a cruiser, check cruiser, or field forester.
- A.A. or B.S. Degree in Forestry, Natural Resources, or related field
- Combination of education and experience.
