

Position announcement – Research Forester

Cloquet Forestry Center

College of Food, Agricultural and Natural Resource Sciences
University of Minnesota

Position Title: Research Forester

UMN Job ID: 317971

Reports to: Forest Manager, Cloquet Forestry Center

Unit/Position Overview

The Cloquet Forestry Center (CFC), established in 1909, is part of the College of Food, Agricultural and Natural Resource Sciences' Research and Outreach Center network and serves as the primary research and education forest for the University of Minnesota. It is located 134 miles north of the St. Paul campus, and 30 minutes southwest of Duluth, MN. It is a regional hub for forestry research, undergraduate and graduate field instruction in natural resources, and also hosts extensive outreach and professional training programs.

The CFC Research Forester position will be a multi-disciplinary position that will report to and collaborate with the CFC Forest Manager in a wide-range of activities associated with forest management and research (FMR) at the CFC. Primary responsibilities will include collecting, managing and analyzing forest inventory data for management and research, creating and managing FMR databases and equipment, assisting with and/or leading outreach and education events, and serving as the CFC safety officer.
