We are seeking a dedicated Forester to join our team to help us expand operations into the western United States. This position will include assisting in preparation and submission of solicitations and bids for hazardous fuels reduction, pre-commercial thinning, mastication, and tree removal projects for private, state, and federal clients. Position will also include project management of such contracts. This is a part-time, as needed position and can lead to more. Commission and Bonuses paid on production and project management. Travel expenses paid.

**\*\*Requirements: \*\***

- Professionally represent the company
