

POSITION ANNOUNCEMENT

File Reference: 2022-18

Position Title: Geographic Information Systems (GIS) Specialist

Location: Fort Collins, Colorado

Salary: \$50,000 - \$54,000, commensurate with experience

Employment Status: This full-time, regular appointment will be a Colorado State University Administrative Professional employee.

Closing Date: Applications will be accepted until the position is filled; however, applicants should submit all application materials by 11:59pm on July 7, 2022 for full consideration.

Under the direct supervision of the Geospatial Data and Analysis Program Manager and in collaboration with the Science and Data Division, the GIS Specialist will provide technical geospatial project support that will ensure that CSFS continues to provide forestry leadership and expertise. This position will add to CSFS GIS expertise in manipulating and analyzing geospatial data to support resource management decisions. The position will also make recommendations and provide expert advice on the development and application of enterprise geospatial data hosting, storage, and analysis processes, protocols and solutions to mission critical resource management issues. The functions of this position is to further bolster the Science and Data division's goal of maintaining and enhancing forestry and wildfire risk reduction expertise.

CSU is an EO/EA/AA employer and conducts background checks on all final candidates.
