

POSITION ANNOUNCEMENT

File Reference: 2022-35

Position Title: Forest Health Technician - RAI

Location: Fort Collins, Colorado

Salary: \$30,000 - \$38,000, commensurate with experience

Employment Status: This full-time, temporary appointment will be a Colorado State University Administrative Professional employee.

Closing Date: Applications will be accepted until the position is filled; however, applicants should submit all application materials by 11:59pm on January 17, 2023 for full consideration.

The Colorado State Forest Service at Colorado State University is hiring several temporary full-time staff positions to assist with entomology data collection and insect identification. The term of the position is seasonal and of variable length and will be based on the needs of the research and field work, with potential for extension dependent upon funding. The position duties are approximately 65 to 85% conducting fieldwork and 15-35% project management, coordination, and collaboration with the Forest Entomologist. These positions are focused on supporting Forest Health Program objectives. Please provide a cover letter, resume or CV, and three references. A four-year college degree and a valid driver's license are required for these positions.

Required Job Qualifications

- A bachelor's degree in Biology, Botany, Entomology, Forestry, Geology, Natural Resource Management, or a related-field
- The successful candidate must have a valid driver's license or the ability to obtain one by the position start date.

CSU is an EO/EA/AA employer and conducts background checks on all final candidates.
