Position: Chief Forester, IFM

Green Diamond has a current opening for a full time Chief Forester for the IFM (Intensive Forest Management) department. This position has direct responsibility for the stewardship and monitoring of forest stands from post-harvest to free-to-grow status. These Silviculture activities must continually be adapted to comply with Green Diamond's sustainable forestry program and habitat conservation plans, as well as local, State and Federal regulations and meet the requirements of continually changing harvest methods and field conditions. This position produces the desired rate of return on investments, promotes a safe working environment and provides supervisory oversight in a manner consistent with Green Diamond's core values: Safety, Integrity, Stewardship, Community and Profitability. The Chief Forester ensures prompt reforestation and compliance with state certification for resource conservation standards (stocking) which is essential to achieving Green Diamond's sustained yield harvest levels and financial objectives.

Benefits include: Competitive wages based on experience and qualifications, bonus plan, vacation, paid holidays, health benefits package, 401k and a company vehicle for business use.
