Position: Nursery Production Coordinator

Green Diamond is currently seeking a qualified candidate for Nursery Production Coordinator. This position is responsible for implementation of annual operational plans for the Korbel forest nursery to ensure proper production of superior conifer seedlings. Under the direction of the Nursery and Research Superintendent, the Coordinator will organize, direct, and participate in nursery production activities with company employees and contract nursery crews. This position is responsible for routine nursery labor and minor administrative functions as needed by accomplishing the required cultural, biological, mechanical, administrative, facility maintenance, and janitorial tasks to maintain the health and vitality of reforestation planting stock, nursery crops, and associated facilities.

Requires a two or four year degree in Agriculture, Horticulture, Botany, Forestry or closely related field of study or the equivalent combination of education, training or experience that provides the required knowledge, skills and abilities. Recent experience working in an agricultural, horticultural or forestry setting, primarily in the field, greenhouse, or the woods. Such work experience should include the use of farm/nursery machinery, forklift operation, conveyors, mowers, and/or other types of like equipment.

Benefits include: Competitive wages based on experience and qualifications, bonus plan, health benefits package, vacation, paid holidays, life insurance and 401(k) retirement plan.
