

Are you ready to begin or advance your forestry career with a nationwide leader in forest management and timberland marketing? Then, we want to talk to you.

LandVest is looking for energetic, entrepreneurial, and dedicated professionals for an Operations Forester position to serve our clients in northcentral Pennsylvania. The position can also include working to assist on other project work within the Division. Primarily, the position involves field work focused on harvest and road operations but will include inventory/cruising work as well. As the candidate gains or demonstrates experience, responsibilities will grow to include preparing forest management plans and maintaining existing client relationships.

The position will report out of our Ridgway, PA office with administrative support available from this location and across the Maine region. Occasional multi-night travel will also be necessary for regional and division-wide projects.

Duties and Responsibilities:

- **Operations:** Field work involving planning and laying out of harvest units, planning and layout of road Construction/maintenance activities, marking timber, inspecting active harvest and/or road operations and closeout, maintaining timber sale records, and collecting GPS data.
 - **Inventory:** Collecting field data, following LandVest cruise protocols, and preparing cruise reports.
 - **Other Field Work:** Boundary work, monitoring leases and other recreational uses, and other assigned field tasks.
 - **Office:** Operational planning, project administration, data analysis.
 - **Other:** We are active in certification programs. LandVest is a Group Certified manager under FSC® certificate C120428 covering over +/- 100,000 acres. Successful candidate will be trained to implement LandVest's Operations Manual and Practices and Protocols that comply with certification and our company standards.
-
- Bachelor's degree in Forestry or similar from an SAF accredited program.
 - Preferably 2 years of operational and Inventory/cruising related field experience
 - Strong communication skills- verbal and written.
 - Ability to problem solve and having a strong attention to detail are essential to these positions.
 - Ability to work with a broad variety of internal staff and external clients and colleagues.
 - Must be willing to work strenuous days, occasional weekends, outdoors year-round in all weather conditions.
 - Strong knowledge of and ability to implement mixed northern hardwood silviculture, planning and supervision of harvest and road operations, cruising, and inventory skills.
 - Good computer skills in most elements of Microsoft Office; GPS and introductory GIS skills.
 - Reliable and woods ready 4WD vehicle.

LandVest will provide:

- A stable organization celebrating 55 years in business
- A positive work environment
- Training, the opportunity to build upon your education and hone your forestry skills
- Competitive salary & paid time off
- 401k Retirement Plan with company match
- Healthcare, dental, vision, life insurance and disability plans
- Eligible for annual and new business bonus plans
- Expense reimbursement, fixed & variable truck reimbursement, down payment assistance
- Continuing education
- Advancement opportunities
