

# Utility Forester

## About the Position

Mason, Bruce & Girard is currently seeking a Utility Forester to be based out of our Auburn, CA office. Responsibilities could include any of the following: planning and supervising vegetation management projects around utility infrastructure, tracking and managing wood flow from utility clearing projects, and planning for and monitoring forest practice rule compliance for vegetation management projects. The position requires travel throughout northern and central California with frequent overnight stays. Work is completed in both a field and office environment, and often requires traversing rugged terrain often in inclement weather.

## About You

In order to excel at the Utility Forester position, you should possess the following skills, experience, and background:

- BS in forestry or closely related field
- At least 6 months of fieldwork experience
- Valid driver's license and your own transportation

## About Us

Mason, Bruce & Girard, Inc. is a full-service natural resource consulting firm, with expertise in environmental services, forestry and geographic information systems (GIS). A set of core values guide our work, focusing our efforts on providing responsible, sustainable solutions that meet client needs.

Our areas of expertise include forestry, wildlife, fisheries, wetlands, water quality, and GIS. Our work is characterized by the highest level of client service, the application of the best science and technology, quality processes and results, integrity, and our respect for the natural environment. We provide natural resource consulting services to both industry and government and have done so since 1921.
