- Oversee short and long-term planning goals for each client.
- Responsible for the planning, layout and marketing of harvest programs as directed by client(s).
- Working knowledge of the Oregon and Washington Forest Practices Acts.
- Draft timber sales, advertise and coordinate the sale.
- Supervise harvest operation and audit monetary receipts.
- Pre-harvest reconnaissance related to harvest unit layout, road design, and access.
- Oversee road design and construction projects.
- Supervise contractual project and reforestation if applicable.
- Develop budgets and forecasts.
- Monitor activities as they relate to the annual budget.
- Monitor environmental protection projects with adjoining landowners.
- Leadership role in MB&G's efforts to capture forestry related projects.

Secondary Functions:

Accountable for supervising daily office operations.

- Performs other duties as necessary.

Supervisory Responsibility:

- Job is supervisory as needed to accomplish project related tasks.
- 3-4 professional, technical or administrative employees are supervised year round depending on the project.

Interpersonal Contacts:

- Contacts are within the company, business contacts and with our clients.

Job Conditions:

- Field work to be performed in all weather conditions, steep rough terrain, and a variety of settings including open fields and forested areas.

Job Skills:

- Working knowledge of forest management and related timber harvesting operations.
- Working knowledge of logging systems in the Pacific Northwest (PNW).
- Working knowledge of forest road layout, design, surfacing, and maintenance.
- Intermediate skill level in Microsoft Office and Excel, ArcGIS a plus.
- Excellent communication skills.
- Enthusiastic and team-oriented individual.

Education and/or Experience:

- B.A./B.S. in forestry or natural resources, or related field.
- Experienced field forester (7+ years) with team lead abilities.
- 5+ years of project management experience.
- Combination of experience and education.
- Preference given to candidates with previous consulting experience.
- Valid driver's license.

Job Conditions:

- Work is performed both within the field and in our offices.
- Field work to be performed in all weather conditions, steep rough terrain, and a variety of settings including open fields and forested areas.
- Computer use, physical ability to operate a telephone, and sit for extended periods of time, may lift/carry up to 50 pounds.
- Personal transportation suitable for use in forest environment required.

About Us

Mason, Bruce & Girard, Inc. is a full-service natural resource consulting firm, with expertise in environmental services, forestry, and geographic information systems (GIS). A set of core values guide our work, focusing our efforts on providing responsible, sustainable solutions that meet client needs.

Our areas of expertise include forestry, wildlife, fisheries, wetlands, water quality, and GIS. Our work is characterized by the highest level of client service, the application of the best science and technology, quality processes and results, integrity, and our respect for the natural environment. We provide natural resource consulting services to both industry and government and have done so since 1921.
