

## **FORESTER**

### **Description**

Located near the breathtaking Black Canyon National Park, Neiman Enterprises' Montrose Forest Products is a state-of-the-art manufacturing center of excellence with a need for a FORESTER. Join our winning team and start your career, not just a job!

We are looking for a Forester that wants to work with a great group of people in an environment where safety is top priority. If you are looking for an exciting opportunity to grow your career and put your talents to use, apply today!

At Neiman Enterprises, we believe our employees are our most valuable asset. That said, we provide an excellent total compensation package including a Company truck, FREE health & dental plan, a generous 401(k) retirement plan, training opportunities, upward mobility, paid holidays, vacation, and much more.

### **Key Functions**

- **Operate safely**
- **Administration of Federal, State, BLM and private timber contracts**
- **Presale and road layout**
- **GIS and resource database management**
- **Log quality monitoring**
- **Management of independent logging contractors, ensuring compliance with the principles of the Sustainable Forestry Initiative**
- **Communicate effectively and work in a team environment.**
- **Stay current in your profession by taking advantage of training opportunities**

### **Qualifications**

**This position requires a minimum of a B.S. Degree in Forest Management or a natural resource related field and 3+ years of forestry field experience is preferred.**

**Starting salary will be commensurate with experience and qualifications.**

**Apply Today! Please send your resume via email to [dan.buehler@neiman.com](mailto:dan.buehler@neiman.com).**

**For more information on this position, please call Dan Buehler, Resource Manager; 605-545-4444.**

### **About Neiman Enterprises**

We are a fourth-generation family business dedicated to the environment and quality products. Our commitment to sustainable forestry not only ensures the long-term stability of our company, but also guarantees future resources through a cycle of renew-ability. We will continue to strive toward advances in renewable energy and value-added products to meet the demands of our markets while maintaining a healthy environment. Employees are the heart of our company, as we fully support knowledge, innovation, expression, and differences that make us stronger as a team. We know the value of our employees and are committed to protecting the workplace they reside within.
