

Quinault Indian Nation – Division of Natural Resources

Position Announcement

Position Title: Forestry Technician

Location: Quinault Division of Natural Resources - Taholah, WA

Salary and Benefits: \$15.92-\$18.88/hour with full benefit package that includes health insurance (no premium for individuals), 401k w/ match, vacation, sick leave and 14 paid holidays; Optional participation in wildland fire deployments

Employment Status: Full time, Permanent

Closing Date: Open until filled

General Description:

The Quinault Indian Reservation, located on Washington State's scenic Olympic Peninsula, includes approximately 160k acres of timberland producing 47 million board feet annually. The Quinault Division of Natural Resources is seeking skilled natural resource technicians to perform duties in support of timber management activities.

Primary Functions:

- Performs pre-harvest reconnaissance on timber stands and water features
- Under direction of Staff Foresters, marks property lines, harvest boundaries, and road locations
- Collects and maintains organization of data on forestry activities
- Cruises and scales timber and other forest products
- Utilizes word processing, spreadsheet, GIS and other industry software for assigned tasks
- Operates common field forestry tools, GPS units, and electronic data collectors
- Monitors active harvesting operations and documents progress

Qualifications:

Minimum qualifications include an Associate of Applied Science degree with major study in forest technology or other related natural resource field. A high school diploma or equivalent with previous demonstrated experience in related duties may be substituted for an AAS. The successful candidate must be able to pass a federal background check, and drug screening; hold or have the ability to obtain a valid Washington State driver's license and have and maintain the ability to be insured under QIN automobile insurance. Candidates must have the ability to work outdoors in inclement weather and rugged terrain.

To apply, please visit <http://www.quinaultindiannation.com/jobs.htm> and complete a QIN job application. Send your application, cover letter, and resume by email to QIN Human Resources at jobs@quinault.org.

Quinault Indian Nation – Division of Natural Resources

Position Announcement

Position Title: Forest Roads Manager

Location: Quinault Division of Natural Resources - Taholah, WA

Salary and Benefits: Competitive salary, dependent on qualifications; moving expense reimbursement; full benefit package that includes full health & dental insurance (no employee premium), 401k w/match, generous vacation & sick leave, and 14 paid holidays; Optional participation in wildland fire program

Employment Status: Full time, Permanent

Closing Date: Open until filled

General Description:

The Quinault Indian Reservation (QIR), located on Washington State's scenic Olympic Peninsula, includes approximately 160k acres of timberland producing 47 million board feet annually. The Quinault Division of Natural Resources is seeking an experienced professional to oversee approximately 2,100 miles of QIR roads in support of forest management activities.

Primary Functions:

- Acts as lead technical expert regarding the development and maintenance of the QIR's forest roads network
- Prepares and administrates road use agreements for commercial hauling
- Maintains strong business relationships with local industry, contractors, and other stakeholders
- Executes grant-funded road improvement projects
- Oversees the management and use of gravel pits utilized for road development
- Reviews department harvest proposals, providing technical specifications and cost estimates
- Communicates management objectives to Tribal officials and individual Indian Trust landowners
- Budgets and provides contract oversight to road maintenance contractors
- Provides input to all forest management activities as a member of the QDNR Interdisciplinary Team

Minimum Qualifications:

Grade 9: Bachelor's Degree (BS) with major study in forest management, forest engineering, civil engineering or other related natural resource field, plus one year of related experience; **OR** an Associate's Degree (AAS) in related study and over three years of demonstrated experience in forest roads management and project leadership.

Grade 10: Bachelor's Degree (BS) with major study in forest management, forest engineering, civil engineering or other related natural resource field plus five years professional experience; **OR** an Associate's Degree (AAS) in related study and over seven years of demonstrated experience in forest roads management and project leadership.

For all grades: Previous experience with road layout and engineering, common road construction & maintenance practices and equipment, culvert/bridge sizing methodology, and GIS is preferred. The successful candidate must be able to pass a federal background check, and drug screening; hold or have the ability to obtain a valid Washington State driver's license and have and maintain the ability to be insured under QIN automobile insurance. Candidates must have the ability to work outdoors in inclement weather and rugged terrain.

To apply, please visit <http://www.quinaultindiannation.com/jobs.htm> and complete a QIN job application. Send your application, cover letter, and resume by email to the QIN Human Resources Dept. at jobs@quinault.org. For further information regarding the details of this position, you may contact Eric North, QDNR Harvest Manager at enorth@quinault.org.
