
Area Manager - Jackson, Ohio

TTG Forestry Services, LLC (TTG FS), an affiliate of BTG Pactual Timberland Group is seeking an Area Manager based in the Jackson, Ohio region.

BTG Pactual Timberland Investment Group (TIG) is one of the world's oldest and largest timberland investment management organizations. TIG manages over 2.6 million acres of properties across four continents.

Position Overview: The Area Manager will play a crucial role in planning, coordinating, and executing timberland management and forest operations. You'll work closely with the Region Manager and lead a team of dedicated forestry professionals to deliver exceptional client services and drive asset value through science-based forest management practices.

Key Responsibilities:

- **Leadership:** Provide direct and indirect leadership for a team of 2-4 Foresters, fostering a culture of excellence and safety.
- **Timber Sales:** Develop and execute annual harvest plans, manage committed volume agreements, and maximize operations through knowledge of hardwood sawtimber markets.
- **Harvesting Operations:** Oversee budgeting, planning, harvest delineation, utilization, merchandizing, contractor supervision, and timber security.
- **Silviculture Operations:** Manage tree planting, forest health treatments, and BMP compliance to ensure sustainable forest growth.
- **Infrastructure Maintenance:** Implement a cost-effective, proactive road building infrastructure plan for property access and safety.
- **Data Management:** Maintain land records and manage an enterprise-level information system with spatial and tabular data.
- **ESG Engagement:** Actively participate in environmental, social, and governance programs, promoting safety, stewardship, sustainability, and community relations.

Qualifications:

- **Education:** Bachelor's Degree in forestry or a closely related field.
- **Experience:** 15 years of relevant industry experience with demonstrated leadership and organizational skills.
- **Knowledge:** Expertise in hardwood forests, harvesting practices, soils and infrastructure development.
- **Skills:** Strong interpersonal, verbal, and written communication skills, along with proven networking abilities.

- **Aptitude:** Project management, critical thinking, business acumen, and entrepreneurial mindset.
- **Commitment:** A strong dedication to stewardship, sustainability, and ESG principles.

Why Join Us?

- **Impactful Work:** Contribute to the sustainable management of valuable hardwood forests.
- **Professional Growth:** Opportunities for continuous learning and career advancement.
- **Supportive Team:** Work with a team that values collaboration, innovation, and environmental stewardship.
- **Dynamic Environment:** Enjoy the beauty and challenges of working in diverse forest landscapes.

Ready to take the next step in your forestry career? Apply now and become a key player in our mission to sustainably manage and enhance our hardwood forests!
